

Bottle Filler / Hydration Station Maintenance Log

NY Water Quality Guide · nywaterquality.com · independent educational resource

Track filter changes, cleaning, and inspections for each bottle filler or hydration station. Replace filter cartridges every 3–6 months or per the usage-count indicator.

Date	Station / location	Task (filter / clean / inspect)	Filter part #	Performed by	Next due

This worksheet is a general educational tool from NY Water Quality Guide, an independent resource not affiliated with any government agency or utility. It is not legal, medical, or regulatory advice. For New York school lead-in-water requirements see NYSDOH (health.ny.gov/environmental/water/drinking). Verify all specifics with your provider, an ELAP-approved lab, or the relevant agency.
